

## **Promoting Fecal Sludge and Septage Management in Tamil Nadu:**

### **Introduction**

A one-day Orientation cum Training Programme for Promoting Fecal Sludge and Septage Management, is targeted at Officers working in ULB and selected Utilities. This programme will draw upon international and national examples and experiences, dwell upon developments in the State and regional levels, and help participants understand the operational/practical aspects of planning, implementing and monitoring the elements of full chain of urban sanitation, especially focusing on Fecal Sludge and Septage Management (FSSM) as comprehensive solutions for small and medium towns, and complementary solutions for larger urban areas.

### **Learning Objectives**

1. To create awareness on the policies/guidelines and practices about FSSM from international best practices and experiments in India and TN (incl. Operative Guidelines).
2. To enable participants to discuss the key issues and constraints in prioritizing and promoting solutions and innovations for urban sanitation in TN, and help develop recommendations.
3. To help participants to develop action plans at regional levels focussing on identified ULBs.

### **Request for Nominations**

In view of the future roles in implementation, the following levels/type of participants are proposed for nominations:

- a) Assistant Commissioners (Ariyamangalam, Srirangam, K.Abhisehkhapuram, Ponmalai)
- b) City Engineer
- c) Executive Engineer (East & West)
- d) Assistant Executive Engineers (Ariyamangalam, Srirangam, K.Abhisehkhapuram, Ponmalai)
- e) Assistant Executive Engineers (Planning) - 2
- f) Assistant Executive Engineer (Mechanical)
